

भारतीय आईटी एवं कौशल विकास संस्थान INDIAN INSTITUTE OF IT & SKILL DEVELOPMENT

Ref. No. IIITSD/2025/12/15

Dated 10/12/2025

PRESS NOTE

Public Notice for Students, Parents, Candidates and the General Public

IIITSD (Indian Institute of IT & Skill Development) is an autonomous body engaged in Vocational and Industrial Education, Training and Skill Development and is stated by the Institution to be registered under the Government of India. **IIITSD** would like to clearly inform all students, prospective students, parents, employers and other stakeholders that the Institution does not provide any assurance or guarantee that its certificates or diplomas will be accepted, recognized, or considered eligible by any particular Selection Commission, Recruitment Board, Government Department, Public Sector Undertaking, university, regulatory authority, employer, or other organization.

The eligibility, recognition and acceptance of any certificate or diploma are determined by the concerned authority in accordance with its own rules, regulations, recruitment criteria and applicable laws. Accordingly, all prospective students are strongly advised to independently verify the credentials, registration details, recognition status, and validity of the particular certificate or diploma with the relevant authority before enrolling in any course offered by IIITSD. Students should not rely solely on verbal representations or assumptions regarding employment, government recruitment, higher education, or professional recognition.

The primary objective of IIITSD is to provide students with vocational knowledge, practical skills and technical training that may assist them in developing their capabilities and, where appropriate, pursuing employment or entrepreneurial opportunities, including establishing and operating their own enterprises. IIITSD aims to contribute to the development of skilled IT and technical professionals and to support the growing need for skilled manpower in India and internationally. Upon successful completion of applicable courses and fulfillment of the Institution's requirements, IIITSD provides the relevant Certificate/Diploma issued by the Institution, subject to the terms and conditions applicable to the respective course.

The issuance of a certificate or diploma by IIITSD does not, by itself, constitute a guarantee of employment, government appointment, eligibility for a particular recruitment examination, admission to a university or institution, professional licensing, or recognition by any specific Selection Commission, Board or other authority. Students and prospective candidates are therefore requested to conduct their own due diligence and verification regarding the applicability and acceptance of the qualification for their intended purpose before joining any course. IIITSD remains committed to providing vocational education, training and skill development aimed at helping students acquire relevant knowledge and practical capabilities for opportunities in India and abroad.

Yours faithfully,
Head of The Department
